## About

---

I am a second-year Information System student with an interest in software engineering and its applications in business processes. Currently, I am pursuing technical skills in full-stack web development. I am actively involved in the business discipline, serving as an HR in a business-IT case competition and a teaching assistant in a business management course. As a peacemaker and disciplined individual, I make sure all tasks are executed correctly and contribute to win-win solutions.

## Experiences

---

**Teaching Assistant of Business Management Course** (July 2023 - Now)  
Fasilkom UI

**Human Resources of Business-IT Case Competition** (March 2023 - Now)  
COMPFEST16 Fasilkom UI

- Conducted interviews and recruited staff.
- Organized team building and bonding activities, and tracked staff progress on tasks and commitment.
- Coordinated tasks and communicated commands from PIC/VPIC across four subdivisions: partnership, case, admin, and expert staff.

**Mentee of Pekan RISTEK Open Class Web Development SIG** (November 2023)  
RISTEK Fasilkom UI

- Learned full-stack development: React.js for frontend, Node.js combined with Express.js for backend, SQL for database management, and RESTFUL APIs implementation in real applications.

**Frontend Intern at IT Development Department** (September 2023 - December 2023)  
BEM Fasilkom UI

- Gained foundational knowledge in frontend development, including HTML, CSS, JavaScript ES6, and frameworks like Tailwind and Bootstrap.
- Collaborated with backend and UI/UX teams on mini final website projects with GitHub for team coordination.

**Staff of Public Relations and Publications** (August 2023 - September 2023)  
Wisuda Genap Fasilkom UI 2023

- Facilitated communication and networking within the faculty elements, engaging with seniors, faculty members, and graduates.
- Acted as Master of Ceremonies (MC) for a graduate socialization event.
- Served as a communicator for a collaborative project, coordinating with elements to complete a video presentation for graduates.

**Vice Chairperson and Lead of Graphic Design** (August 2020 - October 2022)  
Abstract 71 (SMAN 71 Jakarta Magazine Wall Club)

- Guided the team in transitioning school magazine initiatives from conventional to digital by collaborating virtually using online platforms to craft and post content during remote learning.
- Produced diverse graphic materials, including posters and infographics for a wall magazine, social media content, and video editing for competitions.

**Social Media Team** (2021)  
Sektor 71 (Sapta Eka Content Creators)

- Crafted Instagram captions in line with Sektor's communication objectives for high school adolescents.
- Managed content download, organization, and scheduling for timely delivery to other divisions.
- Interacted with followers through creative sessions, showcasing social media marketing skills and audience relationship building.

**Social Media Manager** (November 2020 - September 2021)  
Teen for Change ID

- Negotiated MoUs with influencers, sponsors, and partners.
- Managed communications with organization partners to boost Teen for Change's social media presence.
- Attracted 115 participants to the "Talk for Change" webinar.
- Composed and edited press articles and captions.
- Engaged followers through interactive Instagram Stories sessions aligned with Teen for Change's identity.

## Certifications

---

**Udemy Learn JAVA Programming - Beginner to Master**  
(June 2024)

- Covering Java SE, multithreaded programming, GUI (Graphical User Interface) creation, database programming, and object-oriented programming concepts.

**Udemy From Zero to Hero Python Bootcamp**

(August 2023)

- Covering Python 2 and 3, object-oriented programming, game development with Python libraries, and GUI (Graphical User Interface) creation.

**Replit 100 Days of Code**

(May 2023 — August 2023)

- Mastery of Python programming is achieved via daily learning modules and projects, enabling practical skills in creating games and mini-applications.

**Project**

---

**TataBaku - Final Business Plan Project for the 1st Semester 2023/2024**

*Business Management Course Fasilkom UI*

- Initiated the development of TataBaku, an application designed to aid in written communication in Indonesian language. It offers more than just spelling and structural checks, providing natural and contextual communication assistance.
- Presented the pitch deck for TataBaku as the final presentation.

**Septihan (Indonesian Language Short Movie Assignment) – SMAN 71 Jakarta**

*Main video editor* (May 2022)

- Led film production, covering video and audio editing for captivating storytelling and cinematography.
- Collaborated effectively with the team, guiding cameramen for desired visuals and supporting the director's vision.
- Achieved significant audience engagement with 436K viewers, 20K+ likes, and 500+ comments.
- Recognized as the outstanding class drama, featured on the school's website.
